

ADMISSIONS POLICY

Kidsize Club Ltd. will be open to children currently attending primary school, providing the children are self-sufficient as we have no nappy changing facilities. Children will be welcomed from all social, cultural and religious backgrounds. Admission of children with additional needs will need to be assessed on an individual basis after consultation with the parents and staff to ensure that all needs can be met within staff ratios. Children will be admitted providing the Manager and the Kidsize staff are confident that the Club can meet their needs without jeopardising the service in accordance with the Disability Discrimination Act. A child requiring further support may be admitted if a parent/carer can provide a Key Worker to work with the team and provide appropriate care whilst the child attends the After School Club or Breakfast Club. Every effort will be made to accommodate children with additional needs.

Staff Training

Kidsize Club Ltd. staff are required to make observations of children as part of their training for their childcare qualifications. This includes writing about what they see within the club and what they see the children doing. This is recorded anonymously such as "Child A said this and Child B did this". These observations will also be used to identify areas of development for the children. By identifying these areas, the Kidsize staff can then work on ways of helping them settle in and develop.

Settling In

It is Kidsize Club Ltd.'s main priority to make the children feel happy and safe while at the club.

When a child is initially enrolled in Kidsize Club Ltd. we will encourage children to visit the club with a parent or carer, to meet the staff and get to know the building, before attending their first day at Kidsize Club. At Kidsize we will do many “getting to know you” games and group work activities to encourage friendships to form.
